

## Washington's national parks need your support

The federal budget hasn't kept pace with very real needs in Mount Rainier, North Cascades, and Olympic National Parks. They are forced to do even more, welcoming more people than ever while confronting the challenges of a changing climate.

Your support helps to fill the critical gaps in funding, providing for:

### Advancing science & research

Protecting and ensuring the safety of precious native flora and fauna through research and citizen science.

### Improving visitors' experience

Including trail clean up and maintenance, improved wayfinding signage, and enhanced search and rescue efforts.

### Expanding volunteerism & stewardship

Supporting programs that enable the contribution of thousands of hours of service for our parks by volunteers.

### Embracing Inclusion

Helping create opportunities for people from all backgrounds to experience and learn to care for and protect park resources.

Washington's National Park Fund has given **more than \$7 million** to the parks to fund projects in these areas over the last decade.

Your support makes this possible.

To be in Washington is to be surrounded by the extraordinary.

Mount Rainier, North Cascades, and Olympic National Parks are links to this region's past, and our hope for its future.

### Caring for them is our responsibility here and now.

As the official nonprofit partner to these three national parks, our role – and your opportunity – is to provide support to keep them strong and vibrant—youthful and everlasting.

## Your Gifts in Action

When we come together for the parks, we sustain them for future generations.

Washington's National Park Fund (WNPF) is the only partner providing philanthropic support exclusively to Mount Rainier, North Cascades, and Olympic National Parks.

Each year, the funds we raise support more than 40 projects, selected by park leadership as the priority funding areas for their respective parks.

From the volunteer program at Mount Rainier to bear safety education at North Cascades and glacial research at Olympic, your support makes a difference.

Thanks to thousands of donors, support for these national parks is growing each year.

In the last decade, we've provided more than \$7 million to fund priority projects. Together for the Parks, we are strengthening and preserving these special places for all. **But we can't do it without you.**

See the projects we're raising funds for now – and all the ways you can help make them a reality – at [wnpf.org](http://wnpf.org).

Your impact in

## Mount Rainier National Park

The difference you made in 2022, by the numbers:

**60,000 hours**

contributed through the Volunteer Program

**41,000 native seedlings**

of 20 species planted in meadows

**5,800' of trail brushing**

and **3,000'** of trail tread work completed

**2 youth trail crews**

organized (one LGBTQ group and one all-girls group)

### This year, your support provides:

**\$100,000** for Wonderland Trail Improvements  
**\$55,400** for the Access for All Digital Trails Guide  
**\$51,000** for the WTA Trail Partnership  
**\$50,000** for the Volunteer Program  
**\$40,000** for the Meadow Rover Volunteer Program  
**\$36,000** for Meadow Restoration  
**\$34,500** for Preventive Search & Rescue  
**\$28,000** for Visitor Orientation & Trails Safety at Paradise  
**\$27,000** to the Alpine Gardens Protection Team  
**\$26,500** for Aquatic Ecosystem Restoration  
**\$25,500** for Documenting & Relocating Native Vegetation  
**\$23,000** for the Roadside Assistance Volunteer Network  
**\$5,700** for Night Skies Interns

This is a partial list, and funding amounts have been rounded. For a complete list, go to [wnpf.org/projects](http://wnpf.org/projects).

Your impact in

## North Cascades National Park

The difference you made in 2022, by the numbers:

**3,200 visitors**

received bear education in park campgrounds

**1,500 hours contributed**

by 39 volunteer butterfly surveyors

**130 whitebark pine cones**

collected for blister rust resistance testing

**1 intern supported**

for the Food Sustainability & Native Plant Education project

### This year, your support provides:

**\$30,000** for Repairs to Stehekin's Red Buses  
**\$21,600** for Revegetation/Wilderness Photograph Digitization  
**\$16,400** for Restoring Big Beaver Valley Wetlands  
**\$10,000** for Rare Carnivore Research  
**\$10,000** for Adopt a Whitebark Pine  
**\$9,600** for Community Resilience through Food Sustainability & Native Plant Education  
**\$9,300** to Provide Public Access to Historical Photographs  
**\$3,500** for Wilderness Forensics  
**\$1,000** for ParkMedic Training  
**\$500** for Fisher Restoration

Your impact in

## Olympic National Park

The difference you made in 2022, by the numbers:

**14,400 native plants**

produced and 31 pounds of seed sowed

**2,200 visitors**

participated in Night Sky programs, including 260 youth

**220 8th graders**

participated in science field trips in the park

**160 volunteers**

contributed 1,400 hours in the Matt Albright Native Plant Center

### This year, your support provides:

**\$100,000** for Bogachiel River Trail Improvements  
**\$32,000** to Rebuild the Technical Rope Rescue Program  
**\$30,000** for a Native Conservation Corps Program  
**\$30,000** for the Matt Albright Native Plant Center  
**\$26,500** for Scientists in the Parks Youth Internships  
**\$25,000** for The Terminus: A Glacier Memorial Project  
**\$23,000** for the Adventures in Your Big Backyard Youth Program  
**\$21,800** for the Kalaloch Ranger Station's Seasonal Ranger  
**\$20,000** for Makah Youth Cultural Resource Monitoring  
**\$18,000** for Night Sky Interpretation  
**\$17,700** for the Middle School Science Program  
**\$12,500** for Elk Monitoring  
**\$700** for the Olympic Marmot Citizen Science Project
